# Introduction

- Strategic alliance of 4 Spanish Public Universities.
- Aggregation of R&I resources of 4 Regions (Aragon, Navarre, Rioja, Lleida in Catalonia)

Students	58.000
PhD students	3.200
International PhDs	316
Teaching & Research staff	6.300
Technical & Admin staff	3.000
Bachelor degrees	150
Master degrees	154
PhD degrees	81
Research groups	480

## Higher Education and Training

Promotion of joint master's and doctoral programs with an international orientation.  
Training actions aimed at doctoral students from the four universities.

## Research and Innovation

Promotion of the aggregation of research capacities through Iberus Action Groups.  
Joint development of strategic research projects in thematic areas of campus specialization.

## Student

Commitment to innovative models of education, training, and university-business  
collaboration.

Initiatives such as the Iberus-CLH Emprende Program to promote entrepreneurial spirit.

# Internationalization

Internationalization:

- Promotion of the exchange of best practices and international mobility of students, teaching staff, researchers, and administrative staff.
- Attraction of talent and international promotion of joint collaboration actions, especially in Europe, Latin America, and Asia.
- Permanent presence in Bogotá (Colombia) to strengthen internationalization efforts.

We started our project in 2017 with 13 universities 7 years of projects and one more : Universidad Politécnica de Cartagena

## Spanish universities collaborating:

Universitat de les Illes Balears

# On going projects in the consortium

- EU4EU: Spanish Universities for EU Projects
- International Cooperation Mobilities: Colombia

# International Cooperation

## Mobilities

4 Erasmus+ scholarships to students for carrying out cooperative internships in the "Feet on the Ground" Social Immersions Program at the Minuto de Dios University Corporation (UNIMINUTO) in Colombia.

Accommodation & travel managed by Campus Iberus

# Methodology

how do we manage  
the EU4EU project?

- KA130-HED: Erasmus Accreditation for Higher Education mobility consortia
- Write and submit a project proposal following the guidelines provided by the Erasmus+ program.
- Planning , preparation , implementation of mobility activities and follow up.

# PROJECT IMPLEMENTATION

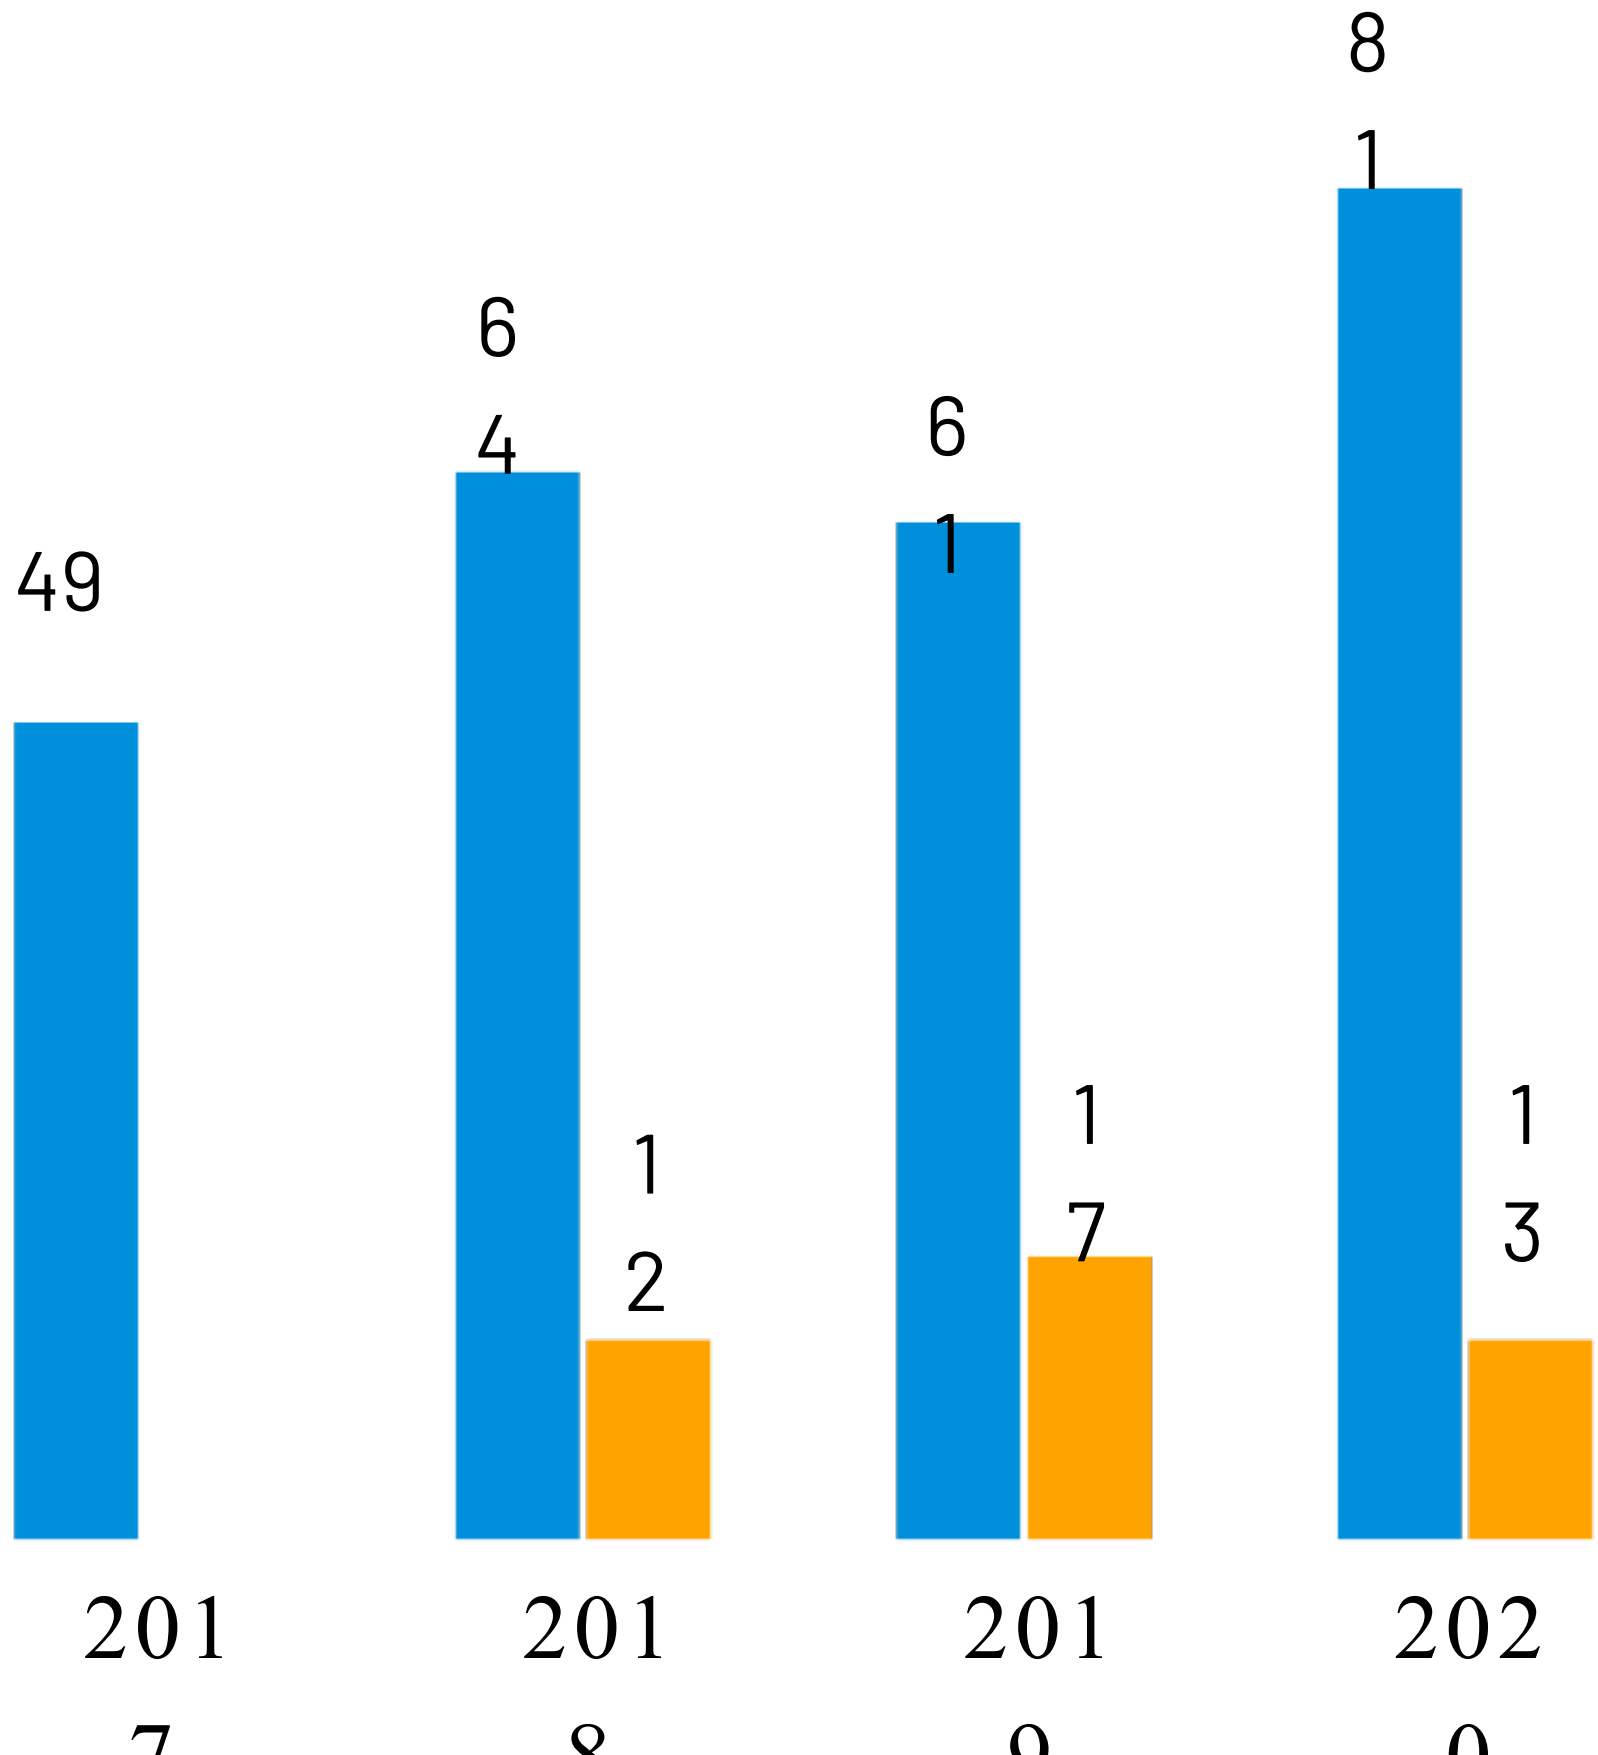

☆ Call preparation

☆ Dissemination

☆ Selection of  
participants and  
results

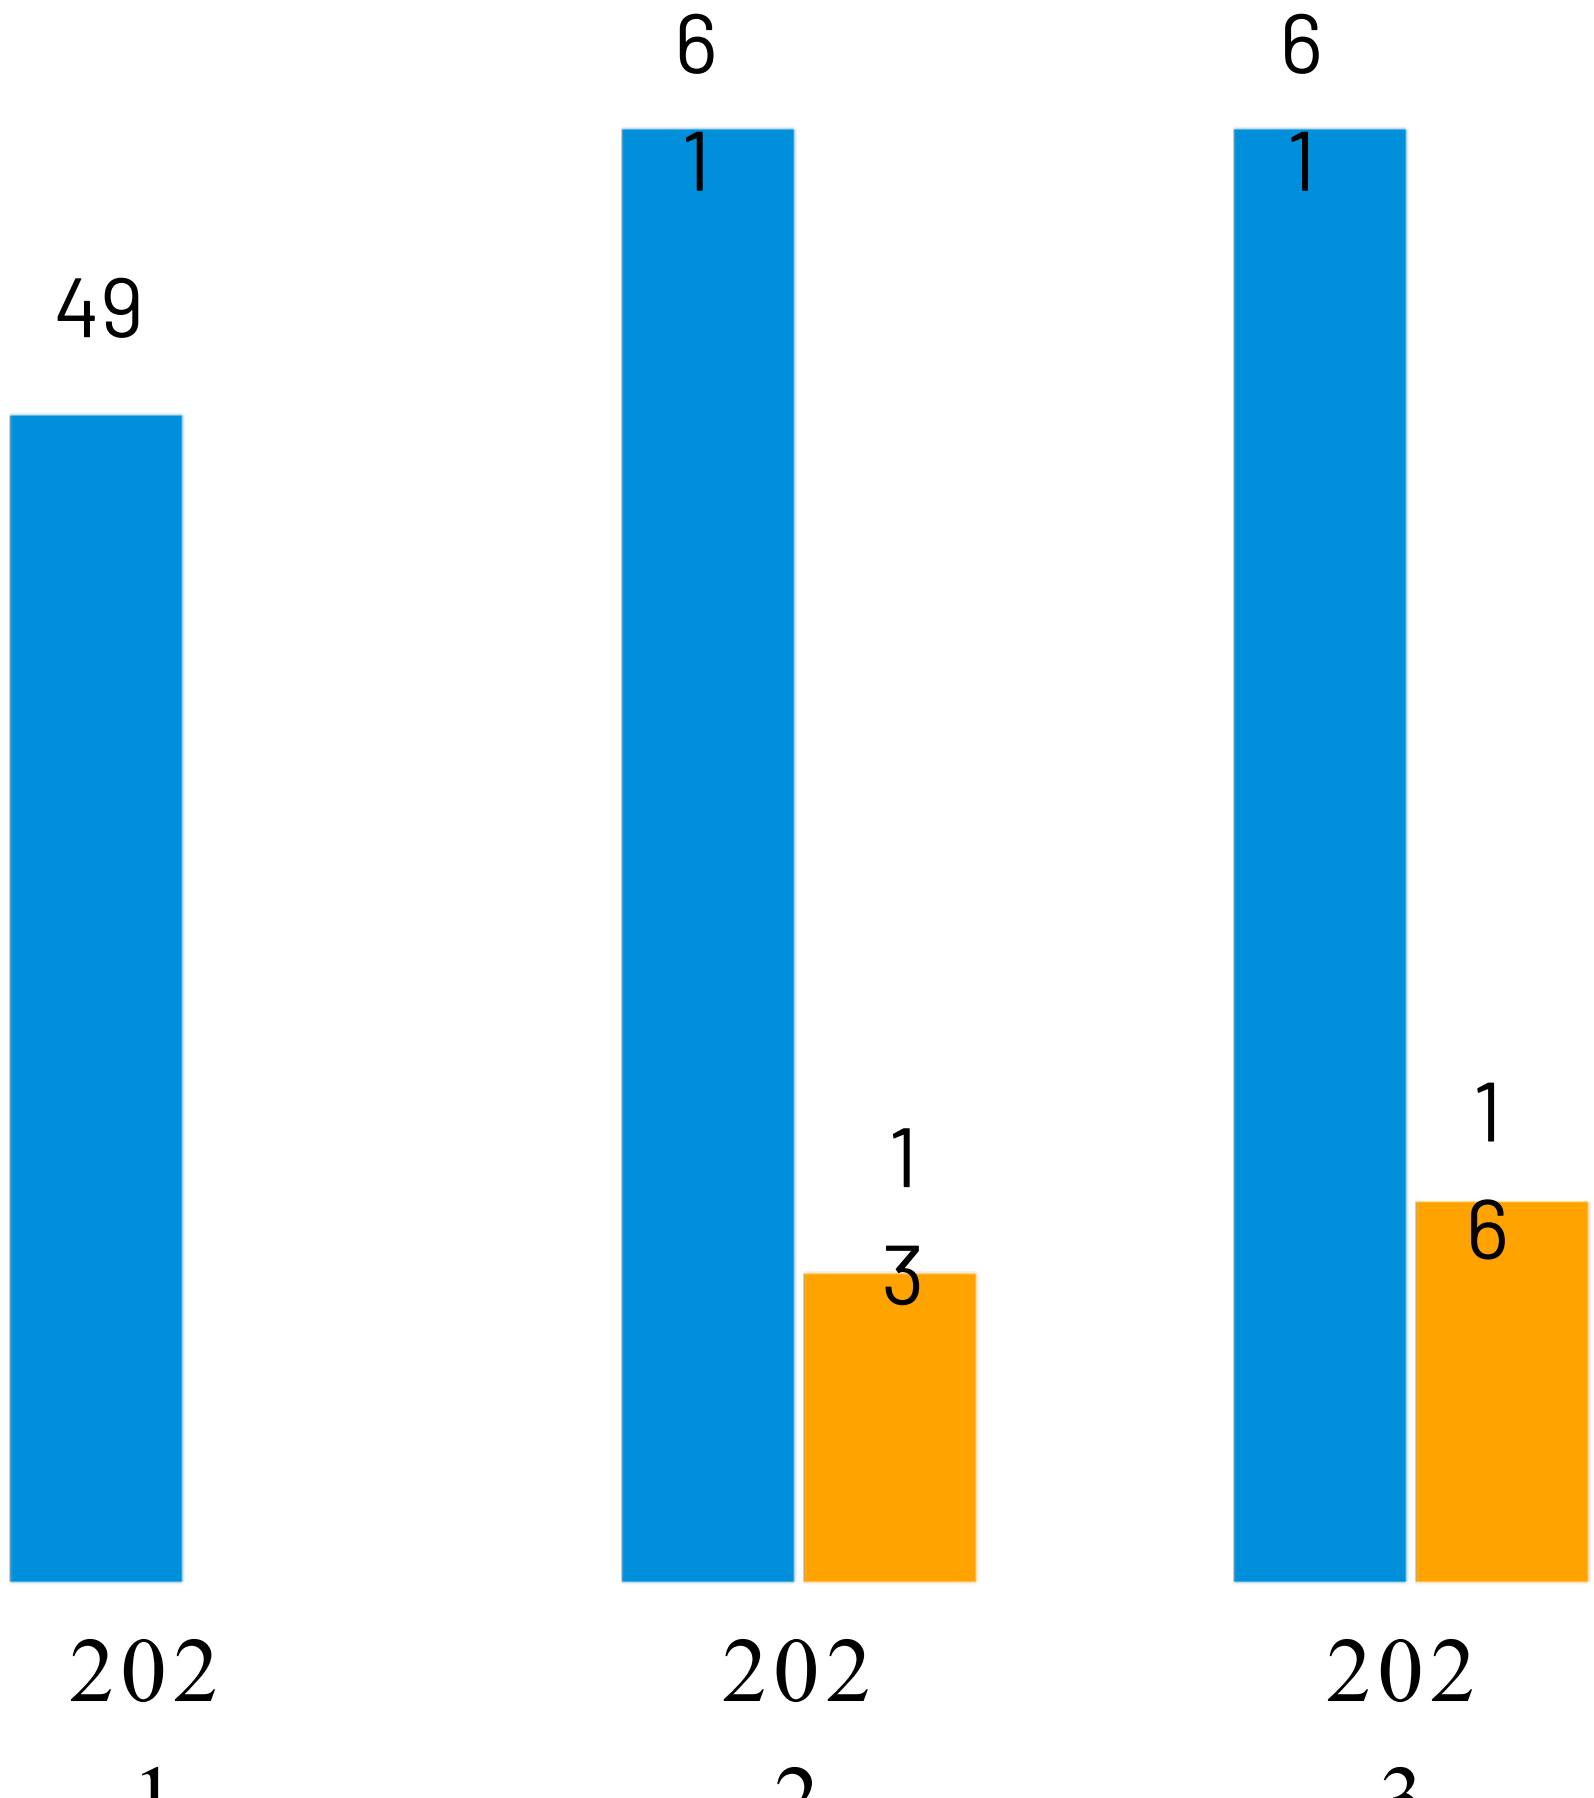

# Results 2017-2020

Students Staff

# Results 2021-2024

Students Staff

# TOP 3 SENDING UNIVERSITIES

1. Universidad de Zaragoza
2. Universidad Rovira i Virgili
3. Universidad de Castilla La Mancha

# Ranking Home Countries

1. Italia
2. Portugal
3. Bulgaria

Last call published 8th may 2024

38 participants with a letter of acceptance

34 grants from Campus Iberus

4 students on the waiting list

# Lessons learned

- Dissemination is key , only 10 % of the participants are successful getting an acceptance letter.
- Students do not read the call: workshops, whatsapp, telegram
- Lack of knowledge about European projects, the participants are looking for their field.
- High percentage of participants who cancel their stay: expensive lifestyle, housing difficulties for 3 - 4 months, mental problems.

# Future Goals

1. Increase the number of participating companies to enhance opportunities for students and staff.
2. Foster partnerships with European-based companies to provide exposure to transnational projects.
3. Pursue collaboration with EUGen for a Key Action 2 (KA2) project.
4. Other types of mobilities: short stays, BIP...

# Thanks !
